Abdelrahman Waleed

WordPress Developer & IT Operations — Suez, Egypt (GMT+2)

abdelrahman959@gmail.com | +20 127 475 7241 | WhatsApp | Portfolio: abdelrahman-w.github.io/portfolio

SUMMARY

WordPress developer with hands-on experience building, launching and managing business websites end-to-end: hosting, DNS, WordPress install, custom themes/plugins, WooCommerce, Dokan marketplaces, LMS, bilingual AR/EN, and ongoing maintenance. Seven live client sites delivered. Comfortable debugging fatal errors, plugin conflicts, malware and slow loads. IT generalist background (routers, Debian servers, DNS, email security). Open to full-time WordPress / IT ops roles and selected freelance projects, remote-friendly.

CORE SKILLS

- WordPress (core, themes, plugins, Gutenberg, ACF)
- PHP, MySQL, HTML5, CSS3, JavaScript (ES6)
- WooCommerce, Dokan multi-vendor, LearnPress LMS
- Custom post types, REST API integrations
- Bilingual sites (Arabic/English, RTL)
- Performance: caching, Core Web Vitals, speed audits
- Security: malware cleanup, hardening, SSL, DKIM/SPF/DMARC
- Server/IT ops: Linux (Debian), DNS, Cloudflare, email routing, backups, migrations
- Tools: Git/GitHub, WP-CLI, LocalWP, Figma-to-WordPress

SELECTED WORK (LIVE)

Eg App — Agency website + bilingual digital-product store. WooCommerce with digital delivery and AR/EN. https://eg-app.com

Farha — Multi-vendor wedding marketplace. Dokan, vendor dashboards, bookings, location filtering. https://farha.wuaze.com

Tamayoz — Online learning platform for Gulf curricula. LearnPress LMS, interactive lessons, quizzes, student dashboards. https://tamayoz.wuaze.com

Screen EG — Product catalogue for digital display screens and commercial hardware. WooCommerce, bilingual spec sheets. https://screen.eg-app.com

EXPERIENCE

WordPress Developer & Site Manager — Freelance (paid client projects)

Setup to launch, then keeping sites updated, backed up, and fast. Seven paying clients delivered so far.

IT & Network Support — Independent (small businesses & home networks)

Routers, Debian servers, DNS, printers — the connectivity work nobody else wants to trace.

Control Room Operator — DP World, Sokhna Port (past)

Monitored CCTV, access control and fire-safety systems in a live international port environment.

EDUCATION

B.Sc. Information Systems

LANGUAGES

Arabic (native) | English (professional)
